All students enrolled in IB Geography SL for the 2018-2019 school year are expected to complete the summer assignment. This assignment, consisting of excerpts from Simon Garfield’s “On the Map: A Mind-Expanding Exploration of the Way the World Looks” is intended to give students a foundation in the history of maps and how the way we look at the world on paper influences our views of the places we live and those we study.

The Summer Assignment can be accessed by joining Google Classroom with the course code w4abym. The assignment is due on Tuesday, September 4.
