

Lee HS Cell Phone Policy during SOL
(Read this script before test administration)

Students, you understand that you have been instructed **NOT** to bring your cell phone or any *wearable technology, such as smart watch*, into any testing location. If a cell phone, etc, is brought to a testing location, cell phones **MUST** be turned off (**OFF, NOT on vibrate, silent, etc.**) and left in a backpack or in a brown bag provided in the testing room before testing begins. If your phone rings at any time, it will be considered a testing irregularity. If you are found to be in possession of your cell phone, even if it is turned off, at any time during the testing session, including during a restroom break or after you have submitted your test, your phone will be confiscated and a parent/guardian will be required to pick it up. In addition, you risk having your test not being submitted for scoring, or having the incident being submitted as cheating, in which case you will get a zero and will not have an opportunity to retest during this testing window. Disciplinary consequences may also be assigned.

Before testing begins, please check your pockets once more for a cell phone or any electronic device.

Once you are sure that you do not have a cell phone in your possession, please write **NO CELL PHONE** on your test ticket and sign your name next to it.
